

## Admin - Sign in v0.1

|                 |                  |
|-----------------|------------------|
| <b>Platform</b> | Browser          |
| <b>Author</b>   | Garry Richardson |

### Change Log:

| Version | By               | Date            | Notes |
|---------|------------------|-----------------|-------|
| 0.1     | Garry Richardson | 12th March 2013 | Draft |
|         |                  |                 |       |
|         |                  |                 |       |
|         |                  |                 |       |
|         |                  |                 |       |

## Not signed in, not getting in!

You can't use the admin system without signing in via a modal window, which overlays the admin UI. Note that this veil cannot be closed.

Sign in

WE7 email address

Admin password

**SIGN IN**

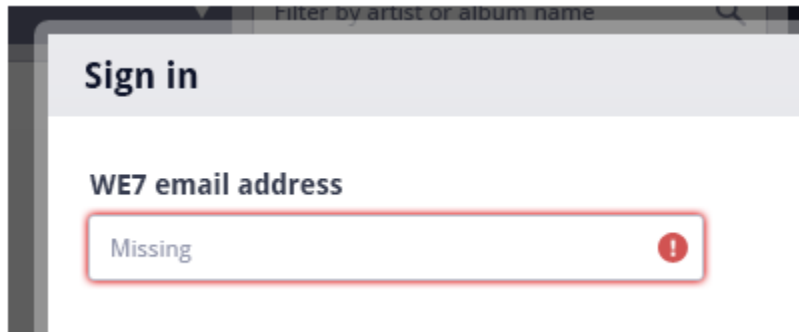

**Trouble signing in?**

[Forgotten password?](#)

[Need an account?](#)

## Errors

Required fields need to be highlighted if filled in incorrectly or missed. For veils this will just be applied to the sign in and create artist interface as none of the other veils have a submit button.

The screenshot shows a web interface for signing in. At the top, there is a search bar with the placeholder text 'Filter by artist or album name'. Below this is a 'Sign in' section. Under the 'Sign in' header, there is a label 'WE7 email address'. Below the label is a text input field. The input field contains the word 'Missing' and is outlined with a red border. To the right of the input field is a red circular icon containing a white exclamation mark, indicating an error.

There will be several error cases for the sign in for other than 'missing', including:

- Email address not recognised
- Incorrect password

## Forgotten password

The image shows two hand-drawn wireframe boxes. The top box is titled 'Forgotten your details' and contains a text input field and a button labeled 'Email me my details'. The bottom box is titled 'We have sent you an mail' and contains a confirmation message. Both boxes have 'Back to sign in' and 'Close (X)' links in the top right corner.

[Back to sign in](#) [Close \(X\)](#)

### Forgotten your details

Enter the email address you registered with

Email me my details

[Back to sign in](#) [Close \(X\)](#)

### We have sent you an mail

The email will contain your username and password

### Validation

Check that the email address is valid and is associated with an account.

Validation is displayed as a tooltip (see create account for styling).

Messages:

- That doesn't look like a valid email address.
- We don't recognise your email address.

Once the input content is correct, then hide the tooltip.

## Success

A success page is shown when a valid email has been entered and the form submitted.

The popup window loads a new page containing:

- A message to tell the user to check their email
- A close this window button
- A back to sign in

Note: This window should time out and close after 1 minute.

## The email

The 'forgotten your details' email will contain:

- Username
- A new password
- Info on changing their password

## **Subject : BBM - Your account details**

Hay,

Your user name is: **garry1234**

Your new password is: **shgiuhgiushgius**

You can change your password to something more memorable on your account page.

Cheers,

The BlinkBox Music Team
